CHARLIE WOLFE

FEATURED

Charlie Wolfe is the pen name of a renowned nuclear scientist who worked on the Israeli Atomic Energy Commission. He is the author of 9 books and hundreds of papers in his field.

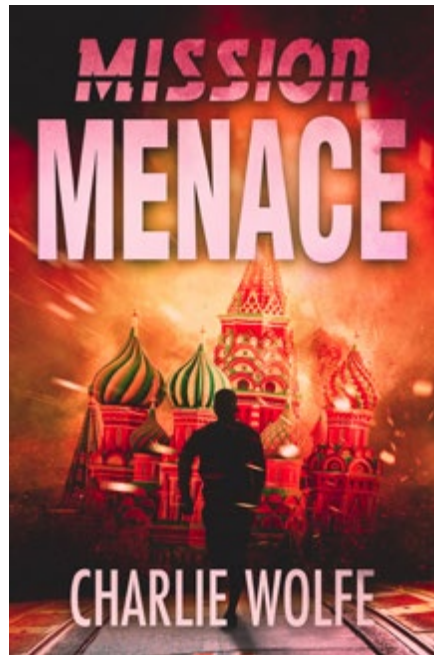

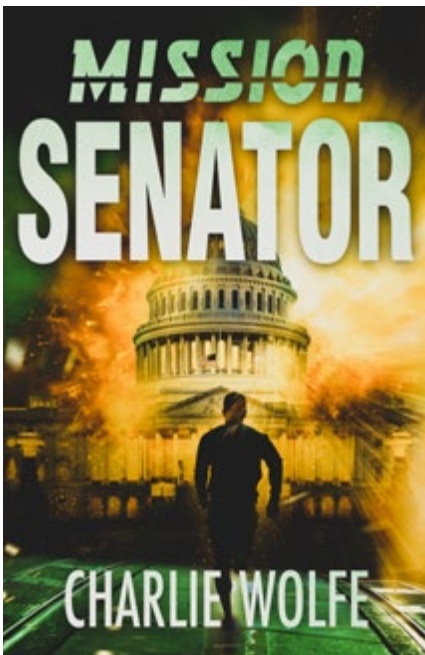

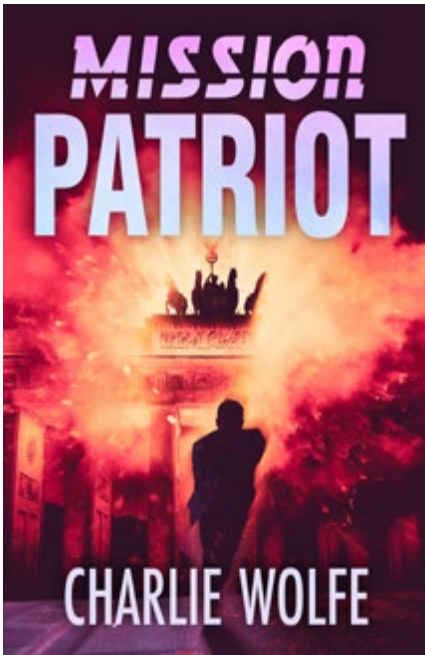

*AN ATOM BOMB IS WAITING
TO EXPLODE IN THE VERY
HEART OF LONDON...*

Le Docteur is a professor who, fed up with the ways of the Western world, decides to establish a terrorist network to outperform ISIS and fight the enemies of Islam. The talented professor plants fear across Europe through several murderous attacks, leaving an entire continent paralyzed.

In order to carry out his diabolic master plan, Le Docteur has recruited an Eastern German nuclear physicist to help him build an atom bomb that will shake the world and change the course of history forever.

David Avivi, a senior officer in the Israeli Mossad, is leading the chase after the bloodthirsty terrorist band, aiming to capture its leader and prevent the impending catastrophe.

As Europe faces nuclear disaster and the fate of hundreds of millions of people rests on his shoulders, David knows that any failure on his part will bring the whole world into an atrocious holy war.

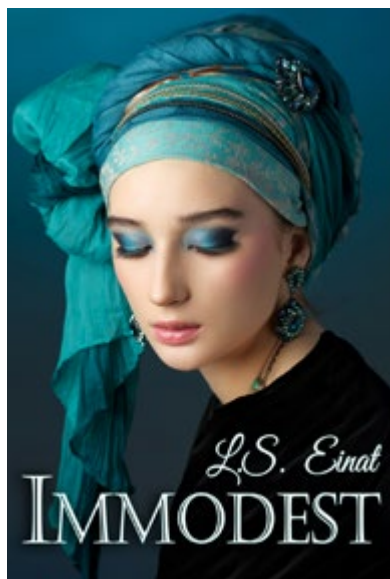

This series is the blood-chilling tale of international nuclear terror that unfolds from peaceful Scandinavia to Vienna and onto a clandestine laboratory in the Middle East.

A leading manager in the field of Artificial Intelligence unveils the secrets to creating synergy between human and artificial intelligence that will revolutionize our world. A machine can use big data to generate information better than humans. However, it cannot understand context and does not have feelings or ethics. Therefore, rather than prioritize between humans and machines, we should combine human intelligence and artificial intelligence, creating a 'super cognition'.

NOAM HOREV

WENDY HAS ONE WING

MESSAGE FROM THE AUTHOR

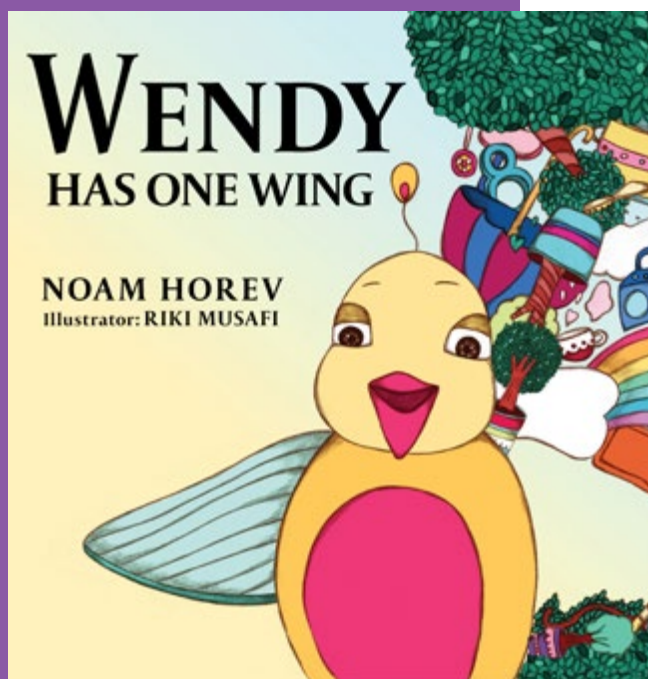

When I was born with a paralyzed right hand, which doctors said I'd never use, my mother fought for me, determined that I'd play ball, draw, and write. After months of hard work, and against all odds, my hand began to move and function. Today, that's the hand I use when I create, telling stories and writing songs that have touched the lives of millions. In the same spirit of self-confidence, pride, and the faith that miracles are never entirely out of reach, I created *Wendy Has One Wing*, an 800-word picture book.

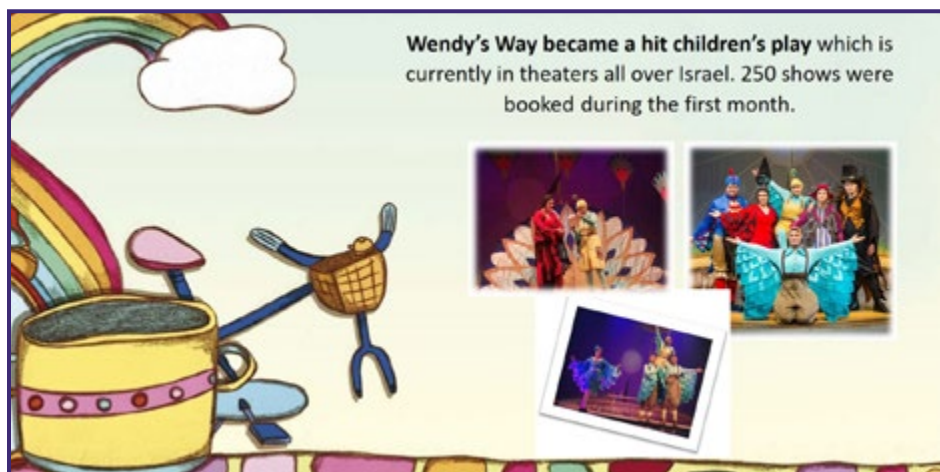

ABOUT THE BOOK

When all of Wendy's bird friends decide to fly south for the winter, she is left behind because she is missing a wing.

But she insists that she will find her own way in the world. Embarking on her own journey on foot, Wendy wonders if she truly can make it alone. And then, it turns out that Wendy isn't alone. She meets new friends along the way — a guitar without strings, a clock without hands, a

rainbow without any colors, and more. Her new friends show her that they are wonderful just as they are, and Wendy comes to realize that she, too, is powerful and complete just as she is.

TALI CARMI

CHILDREN'S BOOKS

Tali Carmi is the author of children's books, loved by children all over the world. Her books have been translated into 5 languages and read by over a million children in 180 countries. Tali holds a B.Sc. in Food Science and M.Sc. in Biotechnology. She is an information systems specialist and the former founder and CEO of a software company for business management solutions. Tali is happily married with 3 children and 3 granddaughters.

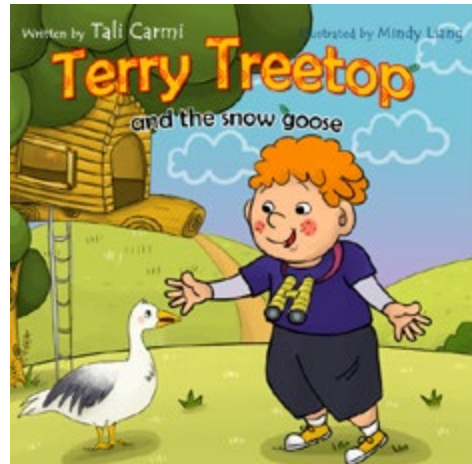

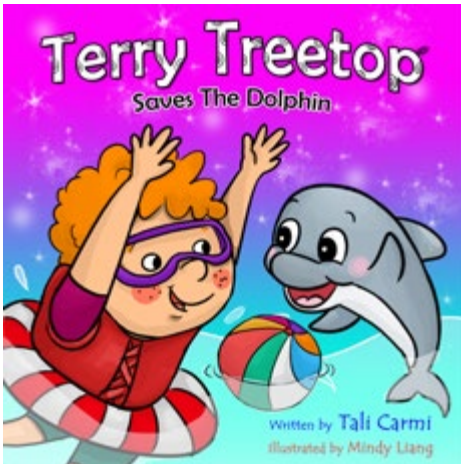

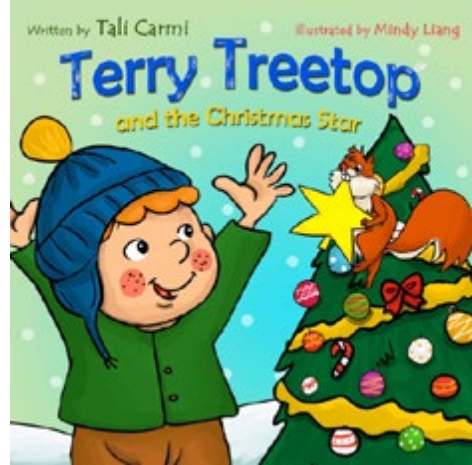

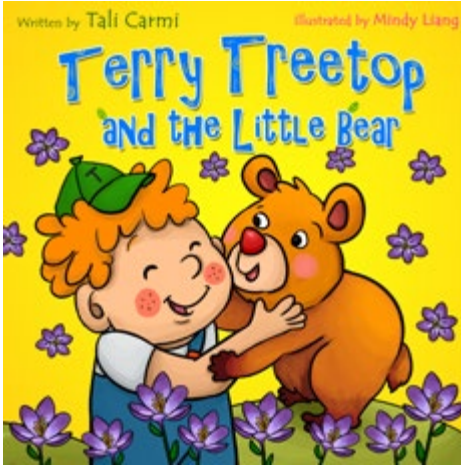

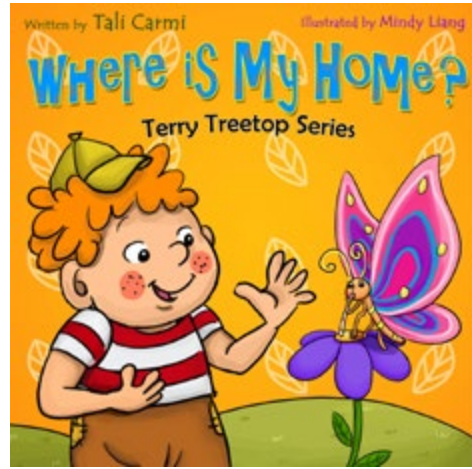

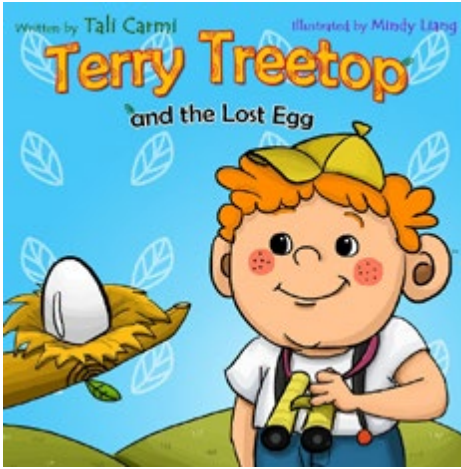

ABOUT THE BOOK

Terry Treetop goes on a journey to find new friends to invite to his new tree house. Along his way, he meets Betty the bee, Shelly the sheep, Cherry the chicken, and Kelly the cow, who are all too busy working to play with him. He is about to give up when an unexpected opportunity comes his way...
